

MaxiFoam[®]

classicRange[®]

Nitrile Foam on a Seamless Nylon Liner.
Designed for general purpose handling in oily and dirty conditions.

Technologies Inside this Glove

- MaxiFoam[®]: nitrile foam on a stretch 15 gauge nylon seamless liner
- MaxiFoam[®] Lite™: ultra light foam nitrile on a light 15 gauge seamless nylon liner
- Surface of the glove designed to “channel” oil away to give a better grip
- Light coating gives improved flexibility and dexterity
- MaxiFoam[®] has abrasion resistance level 4 and other good levels of mechanical performance
- Fully coated and driver styles for added protection
- Minimal strikethrough reduces irritation and increases comfort levels
- MaxiFoam[®] Lite™: dark colour combination designed to keep the glove “cleaner” for longer
- Good wet and dry grip

For a gentle glove experience

We use our HandCare[®] Program for every single ATG[®] product. Not only do we make certain that all the elements used in our manufacturing process are safe for our employees, we also wash all the gloves after the production process as a further step in ensuring cleanliness. During this laundering process, we only use water that is rain-harvested, treated and continually recycled from our own water treatment facilities. This enables us to guarantee our gloves to be “Fresh out of the pack” which is certified by Oeko-Tex[®] according Standard 100.

And if that wasn't enough our gloves are also dermatologically accredited by the Skin Health Alliance. The Skin Health Alliance seal gives, for the first time in the safety industry, professional glove users the confidence that ATG[®]'s full range of gloves are “dermatologically safe” and the science and research behind them is robust.

Of course our whole manufacturing process is in line with the requirements of the European REACH Regulation (Registration, Evaluation, Authorisation and restriction of Chemical Substances). We do not use any SVHC during our manufacturing process.

More information about HandCare[®] by ATG[®] is available at www.atg-glovesolutions.com.
